Craig,

I left a message a little while back and another today, seeking any info or update you might share on the Largo permit. Last we spoke you were going to try to get DEP to agree to more time for your office to review the file, but the DEP portal was recently updated to reflect EPA concurrence by default. You did say that if you were not given the time to comment, EPA still was planning to review the permit.

Best,

Justin Bloom

Please see the attached letter outlining Tampa Bay area Waterkeeper organizations'

concerns about a NPDES Permit Modification before EPA for review.
